

2023 Sponsorship Information

Philly Girls Baseball began in 2019 with a simple goal: Provide girls with more opportunities to play baseball!!!

This year, we have players ages 7- 14 competing in the Baseball For All Nationals tournament in Elizabethtown, KY, as well as additional tournaments throughout the year. Please see below for how you can help send our girls to Nationals!

**More about us:**

We cultivate an environment where girls are challenged, supported, and accepted in the game. Most of our players participate in co-ed baseball teams, often as one of the few girls on their team or in their league. We are based in Philadelphia and our players hail from PA, NJ, DE, OH, and MD. They come together at Philly Girls Baseball for all-girls playing experiences, connecting with other girls, developing their skills, and finding mentors in the sport. In 2022 we reached over 60 girls ages 7-18, and our program is growing. We offer open practices, basic skills clinics, “no-cut” summer series, and we field competitive teams to participate in tournaments across the country. Sponsorships help to defray the costs of running the program and allow us to support players, regardless of ability to pay. We ask for your financial support to help with uniforms, equipment, facility and field rentals, tournament fees, and travel costs for our players.

In 2022 our 8U, 10U, and 12U players competed in the Baseball For All Nationals tournament in Mesa, AZ in July. Our 10U and 12U players also competed in the Maria Pepe Series in Yaphank, NY and the DMV Series in Ellicott City, MD.

Additional Support:

Would you like to support our program in additional ways? We accept donations of any denomination, gift cards for fundraising efforts, certain types of equipment, and donations of field or practice facility time. Please contact Melissa Benedetto to support girls who want to play baseball.

Logos:

For sponsorship levels with logo benefits, please send all artwork to info@phillygirlsbaseball.com. Logos should be vector format (Adobe illustrator .ai, .eps, or .pdf). Fonts must be part of the logo or converted to outlines.
